MARKET ORGANISATION

The following points outline how the market is organised and managed on the day. By your participation in the market we ask you to respect these arrangements.

- the market is open to the public from 10.00 am to 2.00 pm
- no stall holders to arrive before 7.30 am
- stalls must not be cleared away before 2.00 pm
- spaces will be allocated by the organisers
- producers should display trading names clearly on their stalls, together with a contact address and phone number. **Contact details should be made available to all members of the public to enable them to make contact with producers between the Farmers Markets**
- **contact should be made before the Wednesday prior to each Friday Farmers Market if for any reason you are not able to fulfil your booking. This enables the Market Manager to arrange an alternative producer to attend in your place. The Farmers Market is organised to encourage customers to shop regularly at the Farmers Market. For this to be possible it is important that customers have continuity in the produce available, rather than go away disappointed if the non attendance of a producer has happened. Payment for your pitch will be required if non attendance is not advised in advance if space has been booked.**
- please bring your stall with you. The size of each stall area is 3m x 3m – additional space may be available but must be advised prior to the Farmers Market. The fee for this stall area is £20.00
- producers should bring their own chillers or refrigerators as required – **equipment requiring electricity will be tested on the day**
- **there is a no smoking and no dogs policy for those stalls selling food**
- Producers must dispose of all rubbish carefully
- The allocation of stalls is solely at the discretion of the organiser
- each market is run as a separate event
- licences are obtained on behalf of producers to enable the sale of alcohol
